

## Birds of Denali

Denali National Park and Preserve  
June 9 – 11, 2017

### Course Description

Denali comes alive in June with birds arriving from all over the world to their summer home in the far north. These migrants join the hardy year round residents to offer the Denali birder amazing opportunities to view and study a diverse avifauna in a spectacular landscape. With long-time Denali resident and naturalist Nan Eagleson, we'll venture out into the tundra and taiga to learn how to identify birds by sight and sound. We'll also discuss avian behavior, habitat selection, food habits and migration ecology.

### Hiking Distances and Physical Fitness

Field courses are active learning experiences and take place off trail in Denali's wilderness. Hiking will be moderately strenuous over uneven tundra, forest, and river bar terrain, covering distances of approximately 5 miles round trip with as much as 1,500 feet of elevation gain. We will likely encounter wet tundra / forest conditions and stream crossings with water levels that are above hiking boots. **Participants must be in good physical condition.**

### Times and Location

Participants meet at the Murie Science and Learning Center, located at mile 1 of the Park Road. This course begins at 6:30 pm on the first day and ends at 4:00 pm on the last day.

### Lodging and Meals

This course is based out of the Murie Science and Learning Center Field Camp, located 29 miles inside Denali National Park along the Teklanika River. The Field Camp includes rustic tent cabins and a common dining tent. Family-style meals are simple and healthy.

### Accreditation

The University of Alaska Anchorage offers one professional development credit (level 500) for an additional \$69 fee. The 10% membership discount does not apply to the credit fee.

### Questions?

More detailed information about this course can be found by opening the other documents in the "course details" tab on the website.

If you have other questions, please contact the Murie Science and Learning Center by email [courses@alaskageographic.org](mailto:courses@alaskageographic.org) or by calling (907) 683-6432.
